# Front Royal Brewing

Our journey began in 2015 when a few brave souls got the wild-assed idea that Front Royal, with its vibrant outdoor culture, real people, and appreciation of everything unpretentious, was a natural beer town. Over a few brews, our founders decided to invest their time and money in making FRB – and great beer – a reality. We opened our doors in 2018. We've now assembled a talented team that has beer brewing in a ten barrel brewing system and all kinds of treats roasting, searing, and braising in the kitchen.
